

PROFESSIONAL NETWORK SESSIONS

Legal Forum on Financial Abuse

6th October 2017 @ SASW

For this session, 52 participants learnt the different ways that financial abuse could manifest itself in the elderly group. The sharing by Ms Odelia Chan from TRANS SAFE Centre included cases to help participants financial abuse understand better. It covered the ways that financial abuse took place, the impacts on the elderly, as well as how these cases were managed.

Participants also discussed in groups on a financial abuse case example to practice what they have learnt. The session ended with a panel consisting of representatives from the Office of Public Guardian, a social service agency (TRANS SAFE), a law firm and NUS Law Faculty to discuss the social as well as the legal implications to financial abuse.
